# FORWORD

This is a pictorial summary of memories during the year of 1958-59, on the campus of Kirby High School. It is by no means a complete account of all that has happened --- but a book of experiences which we have caught as they hurried across the threshold of the present.

The staff sincerely hopes that this book will bring to you only the fondest of memories, and as you leaf through the pages you will be pleased to have been a student of Kirby High School.
